

7th & 8th Grade English Reading Requirement 2018-2019

The English department at NorthPointe Christian Middle School has four goals when it comes to reading:

1. We desire to develop in students a love (or at least an enjoyment) of reading.
2. We desire to see students improve both their reading comprehension and their writing skills.
3. We desire students to have the opportunity to develop and exercise their ability to discern what is true and Godly in what they read.
4. We desire to prepare students to meet the expectations placed on them by the colleges they will attend.

With these goals in mind, we require that each student read throughout the school year. We have provided a list of various books from which students may choose. We have tried to select books of educational and moral merit, though it is still important that you help your children select books that reflect the values of your family. Please pre-approve the novels that your children read and confirm that they have completed the appropriate forms and projects by providing your signature on the Required Reading Form.

Students are required to complete 4 books, one for each quarter. They may begin their Required Reading this summer, though it is not necessary. There are deadlines for each quarter, but students can, at any time, read ahead of the deadlines. Students are required to select two books from the provided list that they have not previously read. The remaining two books do not need to be from the list, but they do need to be pre-approved by the English teacher. Each Reading Requirement counts as 10% of the student's English grade each quarter.

Summary of Procedures:

- Each student must read 4 books, 2 from the provided list. The other 2 can be chosen off the list as long as they are pre-approved by the English teacher.
- Upon completion of the reading, students will fill out the Reading Requirement Form and select one project to complete.
- Students must select a different project each quarter; no project can be completed more than once.
- A parent must sign the form once the student completes both the form and project.
- Forms and projects will be turned in to the English teacher by the deadline, which is the Friday before the end of each quarter.

Notes:

- Books may be read in advance.
- Books not on the list must be of an appropriate reading level.
- No more than one book from a series will count toward the reading requirement.
- Abridged versions and books on tape may not be utilized without prior authorization from the English teacher.
- Books that might be read in class are not on the list and cannot count for the Reading Requirement.

Deadlines:

- Each quarter, the report will be due the Friday before the last day of the quarter.
