

Updates from the Board

The School Board has discussed ways in which we could communicate with you, our stakeholders and prayer partners. One way we will be doing this, will be to publish a brief summary of decisions and discussions at our meetings each month. We would encourage your feedback, either sent to my office at kerskam@npchristian.org or in person at the appropriate committee meeting. If you wish to attend a committee meeting you must call the Administrative Office at 942-0363 to make an appointment.

At our January meeting the Board:

- a. Received monthly reports from all the administrators for information.
- b. Received committee reports with the following highlights
 - a. The Strategic planning committee chairperson, Trish Wicker, reported on the half-day session the Board and committee held in January and stated that the Statement of Strategic Direction had been modified following that meeting. In addition, meetings with the faculty were planned to get their feedback. The committee anticipates a final report in May.
 - b. The Operations committee submitted the monthly financial reports. They also indicated that current plans include no increase in tuition for the 10/11 school year.
 - c. The Stewardship committee reported on continuing efforts to raise the funds to purchase some property adjacent to the high school and on efforts to complete the work of new heating and cooling for the elementary school.
 - d. The education committee requested the Board to adopt a motion to amend our Policy manual. The first reading of proposed changes was held.
- c. The Board held the final reading of the Policy and Procedure Manual and adopted it as submitted. This manual is available in printed form for those who wish to have a copy. Please contact the Administrative Office for a copy.

Jim Hofman
Superintendent, NorthPointe Christian Schools

Kevin Belk
NPC School Board President
