

We are excited to inform you that NorthPointe Christian now offers **SchoolCash Online** as our preferred method of payment for all school activities; such as field trips, events and camps. Tuition (FACTS) and lunch payments (Meal Magic) will NOT change and continue to use our current systems. Our SchoolCash Online page can be found here: <https://npchristian.schoolcashionline.com/>.

### **Benefits to parents and schools**

SchoolCash Online helps parents and community members pay school-related fees safely, quickly, and easily. In addition to convenience for yourself, you will help increase efficiency and security at school by making payments directly into NorthPointe's bank account. This allows teachers and staff to focus on helping students, and not counting cash. In addition, you will be immediately informed about school activities!

### **How to create a SchoolCash Online account**

The process has two steps: 1) You create a free SchoolCash Online account; 2) You attach your student(s) to your profile to pay for their fees/items and receive automated notifications about fee availability and due dates. Since SchoolCash is connected to our PowerSchool database, you will only need to add your child by name and birth date, no other information is needed.

Creating an account is quick and easy:

1. Any parent or guardian can create an account by visiting our school's SchoolCash Online page: <https://npchristian.schoolcashionline.com/>
2. Click on 'Register' to create your profile
3. Check your inbox to confirm your email and click on the link to sign in
4. Add your student - skip to item 2 and select Elementary/Preschool or Middle/High School for your student, fill in First Name, Last Name and Birth Date for your student
5. Click 'I agree' and confirm relationship to student
6. Repeat steps 4 through 5 for additional students

### **How it works**

Powered by KEV Group, SchoolCash Online is the industry leader in the safe and secure management of school fees. This system puts all the school-related fees for your student online for purchase. Schools post their items and activities and assign the relevant fees to your student, so you can then make purchases online using your credit card or bank account with no additional fees. This allows you to stay informed about upcoming school activities while keeping track of the school fees that require your attention.
