--	---	------------------------------	--------------------------------------

There are many different paths that a family can choose for their child as they prepare for kindergarten. Explore our Paths to Kindergarten!

PATHS TO KINDERGARTEN

WHICH PATH IS BEST FOR MY CHILD?

YEAR 1:

YEAR 2:

YEAR 3:

YEAR 4:

With this traditional pathway, students are ready for kindergarten after two years in preschool. Ideal for students with winter or spring birthdays.

Give the gift of time! Ideal for students with fall birthdays who aren't old enough for kindergarten or just need a little more time before jumping into kindergarten.

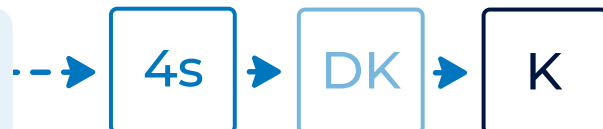

Ideal for students who are on the older end of their 3s preschool class and are academically and emotionally ready for a program that heavily focuses on kindergarten readiness.

This path allows students an extra year at home while preparing them for the academic, social, and school structure of kindergarten.

Ideal for students who need extra time for social and emotional development or more time to prepare for kindergarten academics.

Perhaps preschool wasn't in the picture, but now you want to wait a year before jumping into kindergarten! Enroll in a year of DK to prepare for kindergarten.

Each child is unique and NPC has a plan unique for them!

We encourage you and your child to tour our school, meet with administrators and talk with our Enrollment Coordinator to see which option works best for your young learner!
